

# PRESCRIBING INSTRUCTIONS: FREESTYLE LIBRE SYSTEMS

## COMMERCIALLY INSURED / CASH-PAY PATIENTS

### FreeStyle Libre 3 system Rx includes:

- FreeStyle Libre 3 app\*
- FreeStyle Libre 3 sensor
  - Quantity: 2 sensors/month NRC# 57599-0818-00
  - Sensor refills: PRN or 12 refills annually

### FreeStyle Libre 2 system Rx includes:

- FreeStyle Libre 2 app†
- FreeStyle Libre 2 sensor
  - Quantity: 2 sensors/month NRC# 57599-0800-00
  - Sensor refills: PRN or 12 refills annually

Patients can fill their Rx at a participating pharmacy<sup>‡</sup> with their choice of either a FreeStyle Libre 2 or FreeStyle Libre 3 system — a more affordable CGM<sup>§1</sup>

If patients are asked to pay >\$75 for two sensors or have questions about coverage and costs, please have patients call 844-330-5535

## MEDICARE-ELIGIBLE PATIENTS

### 1. Determine if patient's coverage is Medicare Fee-For-Service or Medicare Advantage

- Medicare Fee-for-Service: Refer to CMS Continuous Glucose Monitors coverage criteria and documentation requirements to confirm coverage<sup>¶</sup>
- Medicare Advantage: Contact the patient's insurance for eligibility criteria

### 2. FreeStyle Libre DME Supplier Grid provides options to select a DME<sup>¶</sup>

### 3. Complete Medicare Detailed Written Order form with the patient's information<sup>¶¶</sup>

- Medicare Detailed Written Order form can be found at: <http://www.freestylefoundations.abbott>

### 4. Explain to the patient they should expect a call from the DME

The #1 CGM in the US<sup>††</sup> is now available to Medicare patients managing diabetes with insulin<sup>††2</sup>

For questions regarding Medicare Fee-for-Service coverage, please visit [www.cms.gov](http://www.cms.gov)

The FreeStyle Libre 2 reader, app, and sensors cannot be used interchangeably with the FreeStyle Libre 3 reader, app, and sensors.

Medicare coverage is available for the FreeStyle Libre systems if their respective readers are used to review glucose data on some days every month. Medicare and other third party payor criteria apply.

Abbott provides this information as a courtesy, it is subject to change and interpretation. The customer is ultimately responsible for determining the appropriate codes, coverage, and payment policies for individual patients. Abbott does not guarantee third party coverage or payment for our products or reimburse customers for claims that are denied by third party payors.

\* The FreeStyle Libre 3 app is only compatible with certain mobile devices and operating systems. Please check our website for more information about device compatibility before using the app. † The FreeStyle Libre 2 app is only compatible with certain mobile devices and operating systems. Please check our website for more information about device compatibility before using the app. Use of the FreeStyle Libre 2 app requires registration with LibreView. ‡ Participating pharmacies are subject to change without notice. § Based on a comparison of list prices of the FreeStyle Libre personal CGM systems versus competitors' CGM systems, assuming annual use of one receiver (or equivalent hardware) and quantity of transmitters and/or sensors according to use life. The actual cost to patients may or may not be lower than other CGM systems, depending on the amount covered by insurance, if any. ¶ See Local Coverage Determination: Glucose Monitors (L33822), July 2021. ¶¶ DMEs are subject to change without notice. # See Local Coverage Article: Glucose Monitors (A52564), July 2021. †† Data based on the number of patients assigned to each manufacturer based on last filled prescription in US Retail Pharmacy and DME. ††† Patients must meet Medicare eligibility coverage criteria.

See next page for Important Safety Information.

FreeStyle  
Libre

Unsurpassed 14-day accuracy<sup>1,2</sup> for adults and children with diabetes (age 4 and older)

Real-time alarms\* without scanning

Easy for you and your patients<sup>†‡3,4</sup>

#1 CGM Prescribed in the US<sup>§</sup>

The FreeStyle Libre 3 system and the FreeStyle Libre 2 system are indicated for use in people with diabetes age 4 and older.

\* Notifications will only be received when alarms are turned on and the sensor is within 20 feet for FreeStyle Libre 2 and 33 feet for FreeStyle Libre 3 unobstructed of the reading device. You must enable the appropriate settings on your smartphone to receive alarms and alerts, see the User's Manual for more information. † Data from this study was collected with the outside US version of the FreeStyle Libre 14 day system. FreeStyle Libre 2 has the same features as FreeStyle Libre 14 day system with optional real-time glucose alarms. Therefore the study data is applicable to both products. ‡ Data from this study was collected with the outside US version of the FreeStyle Libre 14 day system. **Important Safety Information**

Failure to use FreeStyle Libre 2 or FreeStyle Libre 3 systems as instructed in labeling may result in missing a severe low or high glucose event and/or making a treatment decision, resulting in injury. If glucose alarms and readings do not match symptoms or expectations, use a fingerstick value from a blood glucose meter for treatment decisions. Seek medical attention when appropriate or contact Abbott at 855-632-8658 or <https://www.FreeStyle.abbott/us-en/safety-information.html> for safety info.
